## A Word from Bill & Sandy

It is always encouraging when God reveals His presence to us as He cares for us daily in so many ways. Some are not so easy to see and require our understanding of his faithfulness to us who believe. And then some are - I guess you could say - right there in your face. Recently Sandy and I had an urgent personal financial need. Sandy was back in Florida at our home when someone knocked on our door. One of our neighbors was standing at the door. We have talked to him occasionally, but we must confess we really did not know him. We have prayed for him occasionally because it seemed apparent to us that he was not a believer. Other than that, our contact with him was minimal. Sandy asked him in and he immediately told her he only came to give her something. He handed her an envelope and then turned and left. Sandy thanked him as he was leaving, and then turned with much curiosity and opened the envelope. Inside was \$2000.00, the amount we needed. Our journey with God has been filled with blessings and we see how He delights in showing us, even through non-believers, how He can care for any situation.

## Finances

God graciously supplies our needs. And we are thankful for the faithful and generous support of churches and individuals who sacrificially participate in the Lord's work in Haiti. We are amazed at what has been accomplished. And we remain debt free.

In order to meet the financial demands of the missionary house/medical dormitory construction, and stay on schedule with the teams that have been coming in, we have exhausted the Hospital Construction Fund and drawn heavily from the General Fund. The till is empty. The costs of maintaining our core work of Christian Education for our 1600+ children, and of meeting our Haiti and U.S workers payroll continues (100+ Haitian staff). Please prayerfully consider helping us rebuild our General Fund.
